

Where We Stand

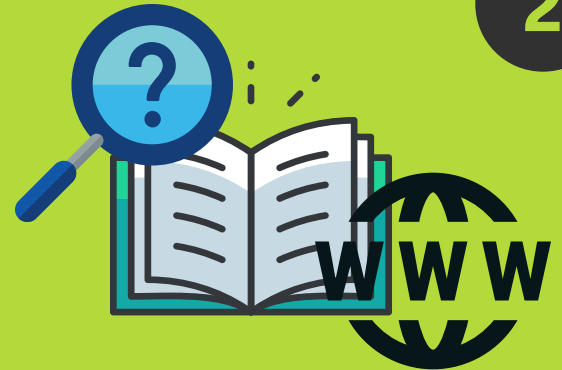

The League adopts and acts on positions through a five step process:

1

Observe a problem;

2

Study a problem
and discuss all sides of an
issue;

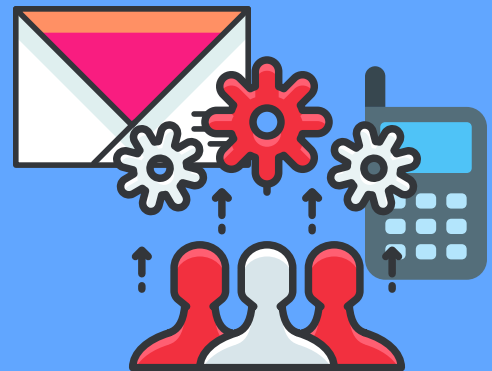

3

Reach member consensus

on what needs to be done
followed by the board officially
adopting a position; ✓

4

Take action,
which can include public
information meetings, letters,
phone calls and meeting with
those making decisions
about an issue;

5

Litigate

if all else fails and citizens' rights
have been severely harmed.
