In consideration of my/our participation in the events and rides of the North Idaho ATV Association, Inc. (NIATV), I/We hereby release and agree to hold harmless NIATV, their officers, directors, committees, members, employees, and agents from all claims. NIATV follows all State and Federal Laws, and as such, all NIATV Members are required to have current liability insurance on all ATV/UTV/Motorcycles participating in club events. There are times when the club has to take a proactive political stance to help keep our trails open. Membership in the club comes with responsibilities and we need members to occasionally volunteer to assist in club activities. Which activity could you assist with?
