

BEADED PICTURE SUPPLIES

Lots of old jewelry and beads of different shapes & colors

Clear drying glue (I will have some but if you have any you might want to bring it)

Pliers

Wire cutters

Tweezers

11x14 frame (regular or shadow box)

The beads will be glued to a board which needs to be covered with cloth. All boards MUST be covered prior to the class because they must be dry before adding the beads.

For \$10 I will provide an 11x14 oil painting board already covered. I can cover the board with Red, White, Green or Black fabric. You will need to let me know 1-2 weeks before the class so that I can have your board ready for you.

You can make whatever size you like but remember:

1. Board MUST be covered with fabric and dry
2. The bigger the picture the more jewelry you will need
3. You can do any shape you like (tree, wreath, heart etc.) but you will need to have a Template (I have a heart templet). You may make any design like a tree, a wreath etc.)

If you have any questions please call or email me (I do have a spam blocker on my phone but will answer all emails)
