

The DALMAC Fund - Grants By Year

The DALMAC Fund was established in 1975. Half of the proceeds from the annual Dick Allen Lansing to Mackinaw bicycle ride, DALMAC, are transferred to the DALMAC Fund Inc., a 501 c 3 charity created to promote bicycling in Michigan.

The DALMAC Fund goals:

1. Improve the bicycling environment in Michigan
2. Expand bicycling in Michigan
3. Promote good will towards bicycling in the community
4. Increase bicycle safety

Grant requests will be evaluated on meeting the 4 goals, as well as,

1. The amount requested is reasonable
2. TCBA is comfortable funding the request
3. The request has local support
4. Funding one year does not guarantee funding in future years
5. Facility requests will be commented on by the Michigan Trails and Greenways Alliance

Typical grant funded requests involve,

1. Construction and design of bicycle facilities
2. Bicycle education programs
3. Bicycle promotion activities
4. Purchase of bicycles and related equipment
5. Developing bicycle routes or maps (not facilities)

The DALMAC Fund grants are now awarded by the DALMAC Fund Inc., recognized by the IRS as a charitable organization in 2018. DALMAC's founder, Dick Allen is a member of the DALMAC Fund Inc. Board of Directors. Grant application and instructions are available at www.biketcba.org.

The DALMAC Fund has granted \$1,584,911 from 1986 through 2021. The grants are listed below by year.

The DALMAC Fund - Grants By Year

2021 DALMAC Fund

Burt Lake Trail Committee – 1.5 mile Phase III construction	\$5,000.00
