

ILYA MC Invitational

July 9-12, 1998 Delavan YC, WI

Results from Jim Smith, ILYA

Friday, wind from the east, light and shifty at first, building by afternoon. By the third race, many people were taking crew. Saturday there was no wind but plenty of power boat wakes. Several boats were damaged while pounding in the waves at anchor. Sunday saw on and off wind from the west. He who controls the wind was playing games this day, turning the wind off just before the start gun went off for the second race. 44 boats sitting at the start line bouncing in the waves with not a breath of wind. It came back on a moment later, but fluctuated during the remainder of the race. Our one professional sailor, Andy Burdick, swept the series.
