

# Bill Mackey Nomination

Nominated by:  
**Gloria Raminha**  
**Nancy Ellis**

## *Larry Young*

We are honored to nominate Larry Young, from Steamboat Ski Resort, for the Bill Mackey Award, in recognition of his outstanding support of the skiing public and Far West Ski Association. Steamboat Ski Resort is one of the largest ski resorts in North America. Larry Young brings together the Steamboat staff and resort lodging partners to ensure that ski clubs and councils have truly great and memorable ski trips!

Larry chose Steamboat over anywhere else, because when he was growing up in Kansas City, his family would travel to Steamboat, and he always loved being there.

Larry worked his way up the ladder to his current position as Senior Sales Manager of Steamboat Ski and Resort. Larry started his career at Steamboat initially by working in the ticket office; and as a bartender for the Western BBQ's. He was eventually promoted to ticket supervisor and from there, he moved into pre-sold tickets, then onward to Sales Manager.

This past February, Far West Ski Association held their annual ski week in Steamboat. This event was successful from the first sales presentation, to planning, to check-in, to the on-mountain activities, due primarily to Larry Young's involvement in every aspect of the ski week.

Because of Larry Young's outstanding support to the Far West Ski Association, our clubs and councils, and to the snowsport public, he embodies the spirit of the Bill Mackey Award. Larry is highly deserving of recognition as the 2019 *Bill Mackey Award* recipient!
