

Tommi Tyndall Nomination

WHITEFISH MTN. RESORT

Nominated by:
Randy Lew
Gloria Raminha

Whitefish Mountain Resort is a popular skiing destination and offers many groomed trails for all levels of skiers. The ski resort, located at The Big Mountain in northwestern Montana, is west of Glacier National Park in the Flathead National Forest. Whitefish Mountain Ski Resort is just north of the town of Whitefish, Montana, and is one of the largest ski areas in the state. Olympic champion Tommy Moe, who won the gold medal in the Downhill and silver in Super-G at the 1994 Olympics, learned to ski and race at Whitefish Mountain. From the mountain summit, there is a 360 degree view with stunning views of Glacier National Park.

Whitefish Mountain Resort has been participating at FWSA conventions and silent auctions and has strongly supported Far West for many years.

In 2003, Whitefish Mountain Resort (known as Big Mountain at that time) did an excellent job hosting the FWSA Ski Week. All participants enjoyed the wonderful skiing and service that Whitefish offered.

This year, 2015, the 4th annual Mini Ski Trip (Spring Fling) was held at Whitefish. Whitefish Mountain Resort graciously hosted an Après Party, which wasn't a scheduled FWSA event, for the all the FWSA guests. The resort did this because they value the relationship that they have with the FWSA members.

Whitefish Mountain Resort was the first sponsor of the FWSA Athletic Scholarship Program starting from the programs inception in 2004. Starting in 2012 they voluntarily doubled their contracted sponsorship. Since 2004 their sponsorship has amounted to more than \$13,000 which has been granted to deserving USSA junior racers and they continue to be a big contributor to FWSA to raise funds for this program.

We are proud to nominate Whitefish Mountain Resort for the FWSA Tommi Tyndall Award.
