

The Boulder County Voter

League of Women Voters of Boulder County * April 2018

Annual Meeting Time!

Please plan to attend the LWVBC Annual Meeting on Saturday, May 12! Annual meetings are a great time to meet with and celebrate League members old and new, engage in decision-making and operations of our organization, and explore interesting and important topics together. We will begin the day with a breakfast buffet (cost: \$25/person), followed by our program.

Our two featured speakers will be Erika Blum and Victor Galvan from the Colorado Immigrant Rights Coalition (CIRC). They will speak on CIRC's efforts to mobilize and increase voter turnout and increase the number of voters who are more informed. We will discuss how LWVBC and CIRC might work more closely together on these goals.

And, of course, we will attend to business, which includes election of officers, approval of the budget and adoption of the 2018 - 19 program. We will also take photos of our members who have not uploaded a picture for the Member Directory on the LWVBC website.

Make your reservation for our annual meeting, today! Please register online at lwvbc.org if at all possible, or use the form on page 6.

President's Letter *By Peggy Leech, LWVBC President*

I encourage all of you to attend (and register for) two upcoming events, both mentioned elsewhere in this newsletter. On April 11, join us to hear Elisabeth MacNamara speak. She is the former President of LWVUS and will be in town that week participating in five panel discussions during the annual Conference on World Affairs. She has graciously agreed to speak at a fundraising event for LWVBC while she is in town. Register now—the deadline is April 2. Contact Louisa Young after April 2, to see if there's still space: louisa.young@colorado.edu.

On May 12, we will have our Annual Meeting, which will feature two speakers from CIRC (Colorado Immigrant Rights Coalition). I have found CIRC to be a very impressive group, and they are finding ways to make democracy work! I always enjoy this event every year, and I hope to see many of you there.

In March, there were several events which proved to be very successful. Probably the most unusual and memorable event was the screening of the Black Panther movie in Longmont, followed by dialogue with the audience. Thanks to Shiquita Yarbrough for suggesting this to us. It was sponsored by Families of Color, and co-sponsored by YWCA and LWVBC. It turned out to be quite powerful for those who attended, with honest dialogue touching on understanding and acting on discrimination in our community; the need for healing from racism; and connecting with each other differences in a more open and inclusive manner.

We also participated in a wonderful gathering on International Women's Day. And Doing Democracy Day in Longmont was truly inspiring. There were students from various high schools and middle schools participating, and they are impressive. Rossana Longo Better did some interviews at both of these events. You can find them on our website under KGNU and News. I don't know about all of you, but I participated in the March for Our Lives on March 24 in Denver. I know there was also a march in Longmont. I was encouraged to see so much emphasis on voting, the core of democracy.

I represented the League at a workshop by Heart of Longmont, called "Why Bother?", related to advocacy efforts. I thought about this topic for a couple of weeks, and really came to the conclusion that we are doing the right thing by focusing on "Making Democracy Work for All". I will share some of those thoughts with you at the Annual Meeting. Stay tuned!

Lastly, LWVBC Board of Directors recently decided to transfer our funds from Wells Fargo to Elevations Credit Union. It was felt that a community-based financial institution would more clearly reflect the League's values, especially with the public revelations about misconduct at Wells Fargo over the last several years. Thanks to Pat Long, Treasurer, for making this happen!

Proposed Budget and Dues, 2018-2019

The fiscal structure of an organization supports the goals of the organization and provides confidence to the members and public that funds are being spent appropriately. The Budget Committee (Caroline Himes, Pat Long, Susan Saunders, Peggy Leech) have examined the current and prior year needs, sought input from the committee leads and developed a best estimate for income and expenditures for the 2018 – 2019 fiscal year.

Several months ago, we asked members for additional special contributions to provide the first two years of funding to support a part-time consultant to take some of the administrative burden from the volunteers serving in other capacities. The members responded enthusiastically and made commitments to cover the first 2 years. The consultant began recently and is already making a very positive contribution. As mentioned at the time, we now have 2 years to find another source of funding or face the need to increase dues.

We note that the Jefferson County League raises \$8,000 - \$12,000 / year through their grocery card program. If we could do the same, we would not need to increase dues significantly to cover this administrative position. We encourage members to consider participating in the grocery card program – it costs you nothing, you can still get your credit card “points” and the LWVBC receives 5% of the amount of your purchases.

The proposed budget for 2018-19 does not include an increase in dues. Please note that the majority of member dues is paid to the national and state League offices. That requires us to continue our efforts to expand fundraising to support our goals of voter education and supporting Democracy for All.

The proposed budget includes some stretch goals for fundraising. Please know that the Board of Directors will watch the income closely to avoid over-commitment. We have a cash reserve equal to a significant portion of the expenses budgeted for the coming year, certainly much more than is needed to cover the projected deficit in the budget.

The goal of the LWVBC officers is to maintain the trust of our members while supporting the goals established by the members. We believe this budget allows us to continue to provide and enhance our program goals.

FINANCIAL REVIEW for Fiscal Year (FY) 2016-17 League of Women Voters of Boulder County (LWVBC)

The Financial Review Committee has reviewed:

1. The implementation of recommendations from the Audit Report of FY2015-16
2. The record keeping of LWVBC which includes revenue and expenditures, beginning and ending cash balances and the FY end bank statement/reconciliation
3. Changes in recording keeping for FY2017-18

We find that the books are an accurate reflection of the financial condition of the LWVBC for the FY2016-17 and of its operations and cash flows for that fiscal year. We commend the Treasurer for her commitment to accuracy, clarity, transparency and compliance with recommended best League and general accounting practices.

Respectfully submitted,
Julie Leonard

LWVBC Program Planning Report for 2018

Program Planning sessions were held in Boulder and Longmont and attended by 42 members.

LWVBC voted to support three initiatives to LWVUS:

- 1) The US League program focus of continuing the Campaign for Making Democracy Work. We offered no recommendation for another program item to national. We also agreed to retain all national positions. We included a request for a caucus at national convention to clarify and streamline the policy of how/when local leagues may publicly advocate to their federal representatives on federal issues that agree with national positions, but on which national has not yet publicly advocated.
- 2) LWVBC Voting Methods team to work with locals from other states to request a caucus on voting methods at 2018 convention for the purpose of educating all LWV members on this topic.
- 3) Agreed with the proposal from several Illinois local leagues to abolish the Electoral College with the understanding that it not preclude work on the National Popular Vote Compact.

LWVBC Voting at Annual Meeting: Our members agreed to retain all local positions and to propose no new studies. To achieve important outcomes for 2018-19, members suggested the following efforts:

- Voter Service: improve voting rates; improve voters being informed; get out the vote; expand voter education, forums, VRDs, and ballot issues. Partner with New Era; educate public about new primary system. Explore purchase of improved data software to better evaluate our efforts.
- Voting Methods: support state legislation; continue education efforts.
- Money in Politics: LWVBC will participate in Boulder city's commission. Identify publicize businesses that are members of ALEC and request their membership removal. Educate members and community about ALEC. Inspire local Leagues to support Denver's effort on ballot issue; support bills in legislature; hold educational events.
- Redistricting: Inspire local Leagues to support; hold educational events; help with petition signatures for Fair Districts Colorado initiative to pass.
- National Popular Vote Compact: Education.
- Social Policy: Immigration: Support state bill for expanded resources and access for illegal residents to get and renew Drivers' License. Living Wage: Longmont next. Food Security: Educate community and lobby Boulder County government. Affordable Housing: Seeking more members for this effort.

League of Women Voters of Boulder County

- Health Care: Concerns about CHIP and support single payer efforts.
- Schools: Follow local board elections and civics education in our schools.
- Action and Advocacy Work: Consider creating Action or Quick Response team? Prepare *Action Alerts*; Partner with other Issue Teams and *Making Democracy Work* efforts e.g. redistricting, National Popular Vote compact.
- Follow City of Boulder issues that may come up.
 - a. Support the appointment of non-citizens to advisory boards and commissions.
 - b. Electing non-citizens to office. The Board will look at existing positions to evaluate if/when/how LWVBC can respond to this.
