

Mount Snow Online Bulk Ticket Program

How to Purchase:

- Go to mountsnow.com/csc
- Use your club specific log in and password to see the products available and select bulk ticket.
- Enter quantity (You can purchase as many bulk tickets as you like, but we suggest buying what you need for each visit. The price does not change all season.)
- Add to Cart>Proceed to Checkout>Log In or check out as a guest
- Your credit card will be charged when you checkout online, so no money will be exchanged with the staff at the ticket window upon arrival.
- Please note that online bulk tickets cannot be returned or exchanged.

What Comes Next:

- You will receive two emails per transaction, regardless of the number of tickets you purchase in one transaction: 1) a thank-you email confirming your purchase, and 2) an email that includes a link to a web page that displays barcodes.
- Click on the link in the second email. It will take you to a page with barcodes. Each unique barcode represents a lift ticket you purchased. The barcode(s) must be scanned at the ticket window to redeem your lift ticket.
- There are two ways to present the barcode at the ticket window: 1) print the page before you come to the mountain and bring the print-out with you, or 2) have the page open on your mobile device. In either case, the staff member at the ticket window will scan the barcode and provide you with your lift ticket for the day. **Once a barcode is scanned, it cannot be used again.**
- **IMPORTANT: We recommend purchasing only the number of tickets you need per visit. The price does not change, and there is not benefit to buying more tickets than you need per visit. It will make the on-site transaction (barcode for lift ticket) much easier, and help to avoid a barcode being scanned for an additional ticket that you don't need that day.**
