

Lodge Reference

Welcome to the *Mt. Laurel Skiers Lodge of Connecticut at Jewell Brook* in Ludlow, Vermont. This club owned lodge is a precious asset of Mountain Laurel Ski Club. Built in 1850 and expanded in 1983 the building previously known as Jewell Brook Inn was purchased and lovingly rehabilitated by talented club members in 2013 for the enjoyment of Club Members. Its convenient location on the shuttle route on Rte100 S one mile from the base of [Okemo Mountain Resort](#) has made it an attractive and popular membership benefit. With club membership, individuals, couples and families with children 5 years or older are offered access to the 36 bed lodge. There are rooms of different configurations to choose from, a large kitchen, cozy gathering rooms including a parlor and dining room. The beds in the main lodge are available for nightly rental by club members' and their guests. Also available are two apartments for seasonal rental.

Members of Mountain Laurel are all owners of the Club lodge and are expected to regard their Vermont lodge as their "home away from home". It's location in the heart of the Green Mountains makes it the perfect venue for club activities and lodge events throughout the four seasons.

As lodge owners, members are expected to participate in the upkeep, cleanliness, maintenance and improvement of the lodge facility so that the club is able to continue offering affordable prices. As one can imagine, winter is the busiest season for bookings, however, spring, summer and fall bring group rentals by members, retreats away from the city and scheduled club events like hiking, sports, and golf weekends. Members are able to book and pay for reservations via an online reservation system.

With membership in Mountain Laurel Skiers affordable options abound for having fun at the club lodge in Vermont year round. You are welcome to continue browsing for further information about this valued membership benefit.
