

## **PADDLE LEADERS**

- Bring a sturdy rope in the event that someone cannot paddle back on his/her own power.
- Be sure to count all paddlers before and after an event.
- Remind paddlers that they must notify you if they need to leave the group, and encourage them to try to find someone to accompany them.

### **REQUEST FOR PADDLING INFO**

Leaders, when you wish to add a paddle to the kayaking schedule and calendar, please submit the following:

When:

Date:

Location:

Time:

Contact email:

Cellphone:

Brief Description--include paddle level, length or duration of paddle, and plans (if any) for after paddle.

Directions (unless this paddle was done last year) and GPS location, if possible.

It would save on some of the emailing back and forth that I have to do in order to get all the needed info posted. Thank you in advance.
