

Typhoon Fleet Update

July 15, 2020

Summer is typically a slow time for the Typhoon Fleet as our winds are traditionally light and the heat index high. With the gradual easing of the COVID-19 restrictions, we plan to hold the Fall Series. The first race of the series will be Wednesday, August 26th. First gun is 5:00 PM and three races are planned.

The RRYC club policy is if you cannot socially distance, you should wear a mask and this is recommended if non-family members are sailing together. This may be modified depending on recommendations from the Governor's office regarding lifting of restrictions in the future.

A decision has not been made at this time regarding the Mid-Series social typically held at RRYC after the racing on the third Wednesday. We will keep you posted on this.

The major need at this point is assistance with a PRO for each Wednesday as well as RC to man the signal and mark boats. Wildfire is expected to be available. If you can volunteer to be the PRO for a Wednesday, please contact Bob Damon at nomadbob@aol.com. Additionally if you are available to help with RC either on the mark or signal boats, let Bob know as well.
