

Dear Safari League President & Members,

Many of you have reached out to see what our plan of action is regarding leagues and what our thoughts are on how we will operate. There are more unknowns right now than knowns, and we are still seeking guidance from the Governor and the Delaware General Health District on how to open and what it will look like when we do. We anticipate getting a lot of information in the next 2 weeks which will help define what we can and cannot do, so expect another more comprehensive email in the near future.

As for the purpose of this communication it is **ONLY to serve as an expected plan of action on what we think we are going to do and then we will have to update the plan as we are allowed to operate with the new guidelines. We also feel it is necessary to give you options as we know there is not one solution for all leagues and league members and ultimately you will need to do what is best for your league.** I ask that you read the email and if you have any questions please reach out to me for any clarification as to how we intend the communication to read, as sometimes it's not always read the same way. There is no playbook here and everyone feels differently, our intention is to give you options and communication.

AS YOU READ THIS EMAIL AND ONCE YOU SPEAK TO YOUR LEAGUE MEMBERS PLEASE CORRESPOND WITH ME ON YOUR INTENTIONS ON START DATE – THANK YOU

First of all, we will only open once the Governor and the Delaware Health District has given us clear guidelines and approval to operate. Then Leagues will have the following opportunities:

- Leagues can elect to start their league at any Phase of 1, 2 or 3 and not be bound by a minimum number of weeks but can play later in the fall as long as the date and times are open.
- Leagues are not bound to a number of players as previously stated on the contract. Meaning if you contracted 16 players you may have less players. Open spots will be filled in 2020 with open play.
- Leagues can elect not to play for 2020 and we will reserve your spot for 2021 without penalty or loss of league deposit and any prepaid monies will be returned. Spots for 2020 will be filled with open play for the 2020 season.
