

Member Safety

The primary responsibility of everyone on the LOWLINC team is to keep members safe. This includes environmental safety as well as safety association with the equipment and assistive devices used by members.

Below, please jot down the main points discussed in this session and maintain this page accessible so that you are able to review it periodically when questions arrive.

1. Environmental safety

- a. Walkways
- b. Fire Safety
- c. Miscellaneous

2. Equipment Safety

- a. Canes
- b. Walkers
- c. Wheelchairs
