

49er Ski Club

New Member Application Form

I am applying for membership in the 49er Ski Club.

I understand that to become a member I must be a skier who is at least 49 years of age and must complete all of the participation requirements for a prospective member. Additionally, all members are expected to actively participate in Club recreational and social activities, serve on the Executive Board, an Executive Committee, a recreational or social activity committee, or organize and chair one recreational or social function at least once every three years.

To retain my membership, I must attend at least two Club General Meetings each year (October through September) and I must pay my annual dues by October 1st of each year.

I understand that skiing and other activities in which 49er Ski Club members participate are inherently dangerous. I assume such risks voluntarily and freely release the 49er Ski Club, its officers and members, from any liability for injuries or loss of property as a result of my participation in Club sponsored or coordinated activities.
