

## 2019 Saints Arts Grants

**The Saints: *Volunteers for the Performing Arts* invite you to review the 2019 Saints Arts Grants application process.**

Welcome performing arts organizations and supporters!

The Saints have been serving as volunteers for the performing arts for nearly 40 years. Our more than 2200 members attend to well over two hundred fifty Chicago and suburban theater, dance and music organizations, ranging in size from storefronts to world-class theaters, from seasonal musical groups to traveling dance companies. We encourage participation in the arts through every medium, in every community, showcasing the rich diversity of the Chicago area and beyond.

The Saints Arts Grants Program was established to recognize, honor and support the performing arts in Chicagoland. Our grants programs continue to reinforce our dedication to the cultural vibrancy of the performing arts by affording access to necessary funding. Through the years, we have granted more than \$950,000 to assist in the archiving, amplifying, costuming, repairing, scoring, shedding light on and providing greater accessibility for performers and patrons.

The Saints Grants Commission will limit our 2019-20 Arts Grants budget to a maximum award of \$5,000 per grantee. We will make every effort to consider all submitted applications but will be greatly restricted on what projects get funded this cycle. Please carefully review our guidelines as you craft your proposals prior to submission. We're happy to answer questions before you apply.

That being said, feel free to give us your best project ideas.
