

## Kenosha Yacht Club Covid-19 Update – August 2020

The Kenosha Yacht Club places the health and well-being of our membership, the community, and the state as a high priority. The club will be following the states guidelines as well as, the Kenosha Yacht Club will adhere to best practices as outlined by Kenosha County.

Specifically, the restaurant and bar are open, but under a mask mandate.

**Starting August 1st, we at Kenosha Yacht Club would like to inform you that we are following the recent Wisconsin Mask Ordinance. With that, we are requiring masks upon arrival and while mobile in the restaurant. If you are without a mask, we will provide them for a cost of \$1/per mask.**

The KYC strongly recommends the use of masks and social distancing when working on stored boats, participating in launching, or merely strolling the grounds as weather permits. We highly recommend the use of hand sanitizers and hand washing. Meetings and events of more than 10 persons will be done virtually unless they can be done while adhering to strict social distancing guidelines.

We look forward to the days when we can fully enjoy the camaraderie of fellow members as well as the food, drink, grounds, and events that make our club so special.

The KYC Board

**EVERS' MASK MANDATE**

- Masks required in public when indoors (or in "enclosed" outdoor spaces) and not everyone is from the same household
- \$200 fine
- Effective on August 1st at midnight
- May be removed to:
  - Eat
  - Sleep
  - Swim
  - Speak publicly or perform
  - Provide religious service
  - Engage in work where mask wearing is dangerous
  - Communicate to someone hard of hearing
  - Enter a bank, credit union, or other financial institution
  - Where federal or state law prohibits mask wearing
- People are exempt from wearing a mask if they are:
  - Under age 2 (ages 3 - 5 are strongly encouraged to wear one)
  - Have trouble breathing
  - Unconscious or incapacitated
  - Have a medical condition
  - Have an intellectual or developmental disability
  - Incarcerated
- Medical grade masks are discouraged to conserve supplies
