Awaken the Music!

A virtual concert

Once again, we are inviting singers and audience members to sponsor a song in honor or memory of a loved one, or in celebration of a special birthday or anniversary. Your sponsorship and dedication will be included in the concert video and a PDF program. These are the songs in the program (check the one you would like to sponsor):

_____ **Fanfare for a Festival** is a celebration of the power and impact of music. It tells about music’s ability to bring people together, to promote peace and joy, and its ability to soothe and calm in times of trouble. All praise to music!

_____ **One Voice** paints a beautiful picture of coming together in unity and prosperity through music. To sing with one voice and to care about each other. It hopes for a bright future in which we become greater than one’s own self. For singers especially, it is a promise of hope that we will someday sing together again.

_____ **Awaken the Music** is the cornerstone of our concert. In these times of distance and separation, this song brings a message of hope through music. It promises a “new song” filled with determination, optimism, and the power to guide and encourage us. As long as we keep the music alive, there is nothing we can’t face!

_____ **How Can I Keep from Singing** is the reason we are all here. It is a testament to the power of singing to help us express ourselves, to center us, and to bring us together. Even when we find ourselves isolated and in dark times, singing and our musical memories bring us light and life. Singing heals, restores, and rejuvenates. It provides comfort and peace. It binds us together in something intangible and is a force stronger than we can explain. We just can’t keep from singing and we will never stop sharing our voices in song.
