

# PLEASE HELP BRING MADELINE'S SMILE BACK

## MADELINE CASHION CHARITY CANCER POKER TOURNAMENT

### Madeline's Story

This past summer Walnut Creek Police Sgt. Tom Cashion's five year old daughter Madeline, underwent extensive surgery for a malignant tumor near her stomach. She is presently undergoing chemotherapy for the embryonal rhabdomyosarcoma cancer. She has been referred to Stanford Medical Center for additional treatment but the out of pocket expenses have climbed to the several thousands of dollars. This has put an excessive amount of stress on this family with four children during their time of crisis.

If you could find it in your heart to help the family make it through these trying times by participating in this charity event or making a tax deductible notation it would be sincerely appreciated.
