

Eldorado Backcountry Ski Patrol

Driving instructions to the Eldorado Forest Supervisor's Office

From US 50, either east- or westbound, take the Placerville Drive - Forni Road exit. Drive eastbound on Forni Road to the red pushpin (A) at Briw Road. Turn right (south) past Midas Muffler and make a right turn before the sign to the Forest Service offices.

The Forest Service building is on the west side of Briw Road and has a large white roof with a blue rectangle in the middle of it, as can be seen in the above picture.

Drive along the north and west sides of the building and park at the southwest corner. The location of the meeting room is shown by the black arrow on the above picture. It's on the bottom floor of the building.
