Safeguards in Place Before Opening

1. Ensuring Capacity in the Healthcare System

- Adequate health care staffing, testing, ventilators and PPE, along with surge capacity

2. Protections for vulnerable populations

- Adequate PPE and staffing to manage effective care and positive cases in institutional settings
- Adequate COVID-19 testing for residents and workers in institutional settings

3. Ensuring public health capacity to test, trace, and isolate

- Adequate capacity to test those in priority groups and those in congregate living and healthcare facilities
- Capacity to trace and isolate individuals with positive COVID-19 tests and to quarantine close contacts
- Collect data electronically from providers and labs, including race/ethnicity data

4. Developing protocols to keep workers and residents safe

- Protocols in place to ensure safe reopening of businesses and institutions, including attention to physical distancing and infection control measures

Are We Slowing the Spread? Key Questions

How capable are we slowing the spread?

- Do we have sufficient hospital capacity, including ventilators and ICU beds?
- Is the supply of PPE adequate for all health care workers?
- Do we have sufficient testing capacity and testing supplies?
- Do we have sufficient case and contact tracing capacity?

How effective are we in slowing the spread?

- Are mortality rates by age, poverty status, and race/ethnicity relatively stable
- Are hospitalization rates by age, poverty status, and race/ethnicity relatively stable?
- Do all high-risk populations have adequate access to testing?

PERSONS EXPERIENCING HOMELESSNESS (PEH)

The Office of Emergency Management has designated LAHSA as the lead agency for work relating to people experiencing homelessness. OEM did this to ensure that LAHSA’s expertise is captured in the day-to-day work and allows LAHSA to play the central coordinating role across City and County agencies. Visit the website for more information on [Homelessness & Housing](#)

Medical Sheltering:

Los Angeles County has stood up temporary quarantine and isolation shelters to prevent the spread of COVID-19. These temporary shelters, using hotels and motels throughout the County, is for individuals who have been exposed to COVID-19 and must isolate and need assistance from the County to do so. Visit our website for more information on [Medical Sheltering](#) and for a list of Frequently asked Questions.

Project Roomkey:

Project Roomkey is a collaborative effort by the State, County, City of Los Angeles and the Los Angeles Homeless Services Authority (LAHSA) to secure hotel and motel rooms for vulnerable people experiencing homelessness, with a focus on seniors and individuals with existing health conditions. It provides a way for people who don’t have a home to stay inside to prevent the spread of COVID19. The data reflected in this update does not reflect contracts pending final execution with hoteliers. Visit our website for more information on [Project Roomkey](#)
