### Routes

These out and back routes provide beautiful scenery, and low motorist traffic. They each have a mixture of smooth riding and some course have some moderate climbs. SAG vehicles will be roaming the course. Rest stops with bathrooms will be well positioned throughout the course. All stops will be well stocked with water, Gatorade, fresh fruit and several other snacks. Our friendly volunteers will be on hand to help.

Even though this is a rural area and there is low traffic, it is still an open course so as always ride with caution. All of the routes will be available soon.
