

Start at the corner of Hillside and Northwest Hwy.

Take Northwest Hwy northwest for just a block, then turn left to continue on Hillside west to Dundee Road. Turn left on Dundee.

Turn right at the first street (Tower Rd.)

Turn left at the first street (Country Drive)

Turn right at Otis. Take Otis for a very long time, until it dead ends.

You can turn around when Otis dead ends and retrace your steps back to the Ace Hardware. That would be about 8.6 miles total.

Or turn right at Sutton, then right on Donlea, then right on County Line Road, then right at Brinker. At the intersection of Brinker and Otis, you turn left on Otis and take Otis back the way we started to get to the Ace. With this loop at the end, it is about 10.8 miles total.
