Influencing Leaders to Promote Healthy Change in a Disruptive Environment

Dr. Loubna Noureddin, Ed.D,
PCC, MPNLP, and President Elect for ICF South Florida

Coaches in today's marketplace must become aware of the challenges their clients face so they get better results. We can no longer get the best coaching outcomes without a more holistic view of the culture and climate of the organization. Join this session and learn about:

- The persistent challenge of change for today's organizations, teams and leaders
- Recent research on the impact of change on managers
- Key influencers of change for managers and teams
- Core competencies that promote effective change

Get the opportunity to build a collaborative model for change that you can take with you and apply!

FROM THE BOARD ROOM

Angela De Sousa, ACC

President ICF South Florida Chapter
Transformational Leadership & Life Coach

October will be a busy month for our ICF South Florida members, both locally and internationally, with the South East Regional Annual Conference (SERAC) and **Converge 2019** happening in quick succession!

SERAC will be held from October 2-4 in Nashville, Tennessee, while the rest of the coaching world will be making travel arrangements for Converge 2019 in the beautiful city of Prague, Czech Republic, October 23-26. Converge is the most important coaching event of 2019, and the only official ICF global conference taking place until the year 2021. It's not too late to **find out more and join** your fellow ICF colleagues.

SERAC, on the other hand, happens once a year and it is co-created with chapter leaders from our 13 South East Region Chapters. This Conference brings together over 30 ICF leaders for three action packed days to connect and share best practices that add value to our members.

As always, to stay connected with us, please continue to check our **website** for a list of the many exciting events happening in South Florida.
