

ROTARY DISTRICT 6450

The Birthplace of Rotary

**ROTARY YOUTH LEADERSHIP AWARDS
OCTOBER 11-14, 2019**

Each year thousands of young people take part in the Rotary Youth Leadership Awards (RYLA) program worldwide. Young people are chosen for their leadership potential to attend workshops to discuss leadership skills and to learn those skills through practice. RYLA aims to:

- **Demonstrate Rotary’s respect and concern for youth;**
- **Provide an effective training experience for selected youth and potential leaders;**
- **Encourage leadership of youth by youth; and**
- **Recognize publicly young people who are rendering service to their communities;**
- **Help participants develop an independent way of thinking and understanding of themselves.**

Come join us at the Holiday Home Camp on Lake Geneva for a weekend of leadership training and for a chance to meet 100 students from Chicago and suburban high schools and Rotary Youth Exchange students from around the world. There will be both indoor and outdoor leadership workshops. Bus transportation to and from the Camp on **Friday morning** and **Monday afternoon** will be provided along with housing and food for the weekend. Participants will not be allowed to drive their own cars to the event and will be expected to stay the entire weekend. Girls and boys will be housed in separate cabins on opposite sides of the camp, there are experienced chaperones in each cabin, and our chaperone ratio is approximately 1 to every 5 students.

Please note that the program will run all day on Friday, necessitating an excused absence from school. Monday is Columbus Day and a school holiday for many.

For more information, contact your local Rotary Club or call or email the RYLA committee chair:

Participant Information

If under 18 years old—must be signed by parent or guardian

This information is provided to introduce you to the benefits, risks and responsibilities associated with participation in all adventure programs. Please read the following carefully. If you choose to participate in the adventure education program at the Outdoor Wisconsin Leadership School program, your signature (or a parent/guardian signature for participants under 18 years old) is required on this form (the photo release is optional).

What is adventure education?

Adventure education is the purposeful use of activities in which there are real and perceived risks and where the outcomes are uncertain but can be influenced by the participants. The OWLS program is founded upon the idea of learning by doing and its purpose is to give people opportunities to develop awareness and skills that lead to personal and group achievement.

Where does the OWLS program take place?

Most programs take place at Holiday Home Camp in Williams Bay, Wisconsin. All residential guests are housed in dorms (shared bath) and eat meals in a large dining hall. The campus is located within five minutes of professional emergency medical services.

What kinds of activities are in an OWLS program?

Your organization's group leader will have specific information regarding the type of activities designed for this specific program. The activities can be physically demanding and may include running, jumping, lifting, being lifted, spotting others and climbing to heights. The activities can be mentally, socially and emotionally challenging as well. OWLS programs are created from a combination of some or all of the following curriculum areas: trust building and group problem solving activities, low ropes and high ropes courses, rock climbing, canoeing or sailing. Participants will need to learn the skills and specific safety procedures associated with all activities including the proper use of safety equipment.

Do participants have choices while at OWLS?

OWLS educational philosophy is *challenge by choice*, which means that we believe maximum benefits and learning occur when the challenges are freely chosen by the participants. Your instructors will make every reasonable effort to teach the associated skills and safety procedures which help create a supportive environment where accepting challenges is encouraged. Your responsibility is to make appropriate choices regarding participation in the activities based on your understanding of the benefits to be gained, risks involved and your fitness level.

What are the risks?

Your OWLS leaders are skilled and experienced and will make every reasonable effort to minimize exposure to known risks associated with the activities. However, there are risks inherent in adventure education, and your OWLS leaders cannot guarantee total protection from all risks. Different program components carry different levels of potential risks which are not limited to risks of a physical nature. The risks may be social or emotional in nature, as well. With regard to physical risks, participants in an adventure programs generally have fewer injuries than do participants in school sports, recreation or physical education programs. This does not mean that injuries cannot and do not occur in adventure education programs.

What are the participant's responsibilities?

Participants must be responsible for their own safety and for the safety of others. To minimize safety risks, you must therefore learn and follow all safety rules and your leader's instructions. You must develop a questioning attitude and make your instructors aware at any point during an activity if you question your knowledge of the safety rules or your ability to participate.
