We had a fleet of 19 lightning's show up this year for the BOD. This is a unique regatta in that with 168 boats competing in the event Bayview Yacht Club teams up with several other clubs to assist with logistics. The Lightning's sail out of Crescent Sail Yacht Clubhome of Lightning Fleet 51 which makes for a nice short commute to the race course.

Day 1

Saturday we started the day with a one hour postponement do to light winds eventually the breeze started to settle in from the NE. The RC got things started with breeze in the 5-8kts range and it built throughout the day to 8-12kts. Shifty conditions and powerboat chop made for a challenging day on the water but the RC did a great job getting in 4 races. After we got off the water most teams found their way down to Bayview Yacht Club where live music, great hospitality and \$2.00 Mount Gay Rum drinks made for fun evening.

Day 2

Sunday strong winds and the threat of storms kept us postponed on shore. After waiting for a storm cell to pass an attempt to get out on the water was unsuccessful so it was off to Bayview for awards.

A big thanks to my crew Dan Synowiec and Anneliese Kittrell for an awesome job in trying conditions to pull off the victory! Bayview and Crescent did a great job organizing the event on and off the water. This is the first year the Lightning's were not the largest class in the BOD regatta. Make sure to put this event on the schedule for next year so we can take back our title as the largest fleet.

George Sipel
