We had 2 days of races for the 2020 Chilean Nationals. 12 boats. 7 races were scheduled but only 5 could be sailed, so no throw out. First day, we had 4 races with light and medium conditions. The first 2 races were won by Team Robles in lighter conditions and the last 2 by Team Perez in medium to high winds. On the last day only one race was completed light wind with Team Robles taking the honors. Renata Parodi a young sailor did a very good last race finishing right behind Robles in 2nd. We had one junior crew lead by Dante Parodi who will go to the Youth Worlds in Sheboygan, WI USA in June 2020. In respect to previous National Championships, the participants were much younger this year.

The Fleet helped to welcome home our big naval ship that was returning from an 8 month trip around the world.
