Well despite the forecast Mother Nature had for the weekend we got in 6 fun but challenging races for the District championships.

13 Teams made the trek to Hampton VA - most in the pouring rain. and was welcomed by strong easterly wind pushing close to 20 on Saturday with some higher gusts. After two races and an attempt for a third the RC abandoned race 3 and sent in the fleet. We enjoyed good fun over dinner and even celebrated Bill Cabrall's birthday with cake a round of "Happy Birthday!"

Sunday was a pleasant surprise as the forecast was for storms and high winds but we got a great easterly breeze in sun in the 12-15 range and got 4 awesome races in. We finished just in time as the wind did gust up as we finished the last race and headed in.

Congrats to Steve, Chloe and Dave Constants for winning the championship! Jim Allman, Trevor Prior, Joan Hurban and Joe Buczkowski rounded out the top 5. Zach Buczkowski was the top placing junior and Jose Darrah was named youngest sailor (although in a crib she let Mom and Dad sail. Just as important!) Full results are posted at :

Thank you to Hampton YC and John McCarthy the PRO for making a great event. Thanks to the local families for housing and those sailors who despite having limited Lightning experience said sure I'll crew! Look forward to seeing everyone out on the water again soon.

Hope Worlds are going well.

Joe
