The weather was perfect on Saturday. We got in 3 races in about 12 knots of breeze in a bit of a chop, as the wind was blowing from the East/Southeast. A great party and band on Saturday night, as this was also combined with a Thistle regatta, so there were about 100 people. We had 11 Lightnings on the line, not bad, seeing as how everyone was probably there in August for the NAs and had seen the club enough, ha ha. On Sunday, we got in one race, two times around, under very light and shifty conditions. Oh, and boy did it rain! Congrats to Mike Breault for a very consistent series.
