An impressive nine boats showed up to sail in this early February regatta. In addition to the Houston Fleet, the great turnout was supported by the Dallas and San Diego Fleets. Two boats were helmed by Houston women with the youngest, Charlotte Rose being only 11 years old. The Houston Midwinters have been sailed since 1953 and for the first time the perpetual trophy went to the Lightnings as the biggest One Design Class racing!

Below is a picture of Clarke Newman being awarded the trophy!
