

No Gas Regatta
 Severn Sailing Association – Fleet 329
 Annapolis, Maryland
 May 7-8, 2016

It was a great weekend to kick off SSA's Lightning sailing season! The weather conditions were a bit trying, but we still managed to get off 2 races with 6 boats on the line. SSA's own World Champion Geoff Becker, with crew Monica Morgan and Madeleine Schroeder, won the regatta with 3 points total.

Saturday was forecasted with light winds, and sure enough we were unable to get any races off, although not for lack of trying. Sunday more than compensated with high winds out of the NE building from 10-15 to 20+ with gusts close to 30 (seemed more like Frigid Digit than the No Gas!), and after 2 races the fleet headed in. All enjoyed a great family style dinner on Saturday night and a big cake to celebrate on Sunday afternoon.

Thank you to everyone who came and we look forward to next year!
