[Awesome Drone photos by Alan Moore](#)

Second regatta of the Florida Winter Series. Saturday began with an hour long on-shore postponement, then the breeze filled in and we were able to get 2 nice races with breeze increasing throughout the afternoon from 5-9 mph. Saturday night the regatta party was at The Alley with terrific BBQ and a fun Classic Rock band. While Sunday's forecast was encouraging, the breeze just never filled in enough to race. Racing was abandoned on the water and the fleet was towed in. The breeze filled as we were pulling boats from the water. The volunteers at LMSA are terrific and we look forward to seeing them again as they host us in January at the Skegs and Kegs Regatta - Jan 18-19, the third regatta in the FL Winter Series.
