Lenny Krawcheck overcame a blistering start by Bob Harkrider to finish 1-1-4-2 and win the 2007 SELD district championships. The weather was absolutely perfect with cloudless skies and 8 to 16 knot winds for both days of our six regatta. Positions for the lead changed many times in each rand the points were tight for the top positions. Columbia Sailing Club played gracious host to the event offering to host again next season with hopes on re-establishing our fleet which founded the club many years ago. Long time lightning class sailor John Wristley is flying our class flag and supporting this renewed effort by putting his daughter Karen Dial on the line in 13983! We are looking forward to seeing this club support a new fleet in the near future. The committee work was outstanding and PRO Dick Dommel made the courses square, fair and just long enough.
