### 2016 Indian Lake Stump Buster

Once again the Lightnings shared the course with Interlakes on Indian Lake. It makes for a more enjoyable regatta. We have two starts and separate the fleets by a bit. We arrived on Saturday to a beautiful day in the low 80s with a 10 to 15 knot North Westerly. With puffs coming down the lake it was important to watch the shifts coming through. There were sometimes 15 to 20 degree shifts. Everyone enjoyed the 3 races sailed on Saturday in fantastic conditions. That evening we had a fish fry which everyone enjoyed.

A lot of people camped on the property in the cool weather. A cold front came through on Friday providing the nice wind and cool temperatures.

Unfortunately, on Sunday we woke up to no wind and the motor boats out stirring up the lake. The sailing was called and we all headed home.

Thanks to the Interlake's for letting our fleet tag along in their regatta. Everyone seemed to enjoy the event.

Hope to see more boats next year to this fun event.
