Competitors get treated like royalty at 2018 Kings Day Regatta

The Florida Yacht Club in Jacksonville, FL served as a gracious host to both J24 and Lightning fleets at the annual Kings Day Regatta. The team at FYC served up an abundant amount of food, beverages and quality race committee work making each visiting sailor feel like royalty! In spite of the amazing efforts to have everything perfect a cold front whisked away the normally reliable northern Florida breeze and left cool temperatures, clear days and not a lot of wind. Despite this minor hurdle the FYC race committee made the best of the conditions running 3 fair, but challenging, races on the St. Johns River over the 2 day event.

The Friday North Sails clinic, run by Paul Abdullah who was ably assisted by Ched Proctor, had several teams find their way out to practice and get personal, one on one coaching. Thanks to the Florida Yacht Club, sponsors and staff for a fun weekend of racing and socializing and make sure you add this one to your event calendar for 2019!!
