

Programs and Services

Programs

The PVP Village offers a variety of social and educational programs designed to help members stay engaged with each other and the community.

Our event calendar provides many of the details of what is currently available. The many types of events include but are not limited to:

- Book clubs
- Salons
- Men's and Ladies' lunches
- Happy Hours
- Discussion groups

Some of these events may be offered in conjunction with our community partners.

Services

- **Transportation** – Our most requested service from PVP Village members is driving for medical or other appointment.
- **Household maintenance** – Our volunteers can help with a variety of tasks in and around your home such as changing hard-to-reach light bulbs, assembling furniture, fixing a leaky faucet, replacing alarm batteries and minor home repairs. For larger projects, they can determine what type of professional you might need and make referrals.
- **Assistance with electronics** – We have volunteers that can help with computer and printer problems, cell phones and other tricky and frustrating electronic devices. They can teach you how to use your various devices, navigate the internet and make purchases on-line.
- **Friendly visits and calls**

Referrals

Palos Verdes Peninsula Village has created a vendor referral list for our members from various sources. Most have been personally recommended by one of our members or volunteers. Members that request a referral will work with the vendor directly to negotiate the scope of work and cost.
