

## What is the Palos Verdes Peninsula Village?

The Village is not a place on the map. It is rather a community of members, volunteers and donors who believe in its mission that strives to enrich the quality of life of older adults who choose to maintain independent living in the Palos Verdes Peninsula area.

We are a non-profit 501(c3) corporation founded in early 2016. We belong to the nation-wide Village to Village Network and the Village Movement of California.

- **Member benefits include:**

- o Services such as door to door transportation, minor home maintenance and household help
- o Educational, cultural, and social programs and activities
- o Technology assistance and social media help
- o Referrals such as home health care, legal, financial, and many home service providers

- **Other information:**

We have an office at 916 Silver Spur Road, Rolling Hills Estates, CA, a paid Executive Director, and a part-time Administrative Coordinator. Our revenue derives from memberships, individual and sponsor donations and grants.

- Members do not have to live on the Peninsula. The important thing is that you live close enough to provide and receive services and participate in activities if you choose.
