

Critical Meeting—Yonkers Waterfront WE NEED YOU THERE!

project's scale and
visual impacts.

The City Council is considering a vote Sept. 23 to approve, as final, developer SFC's Draft Environmental Impact Statement for its waterfront proposal (River Park Center, Cacace Center, Palisades Point, and Larkin Plaza).

Approving this document would end your opportunity to shape the future of your waterfront.

Worse yet, the developer has virtually ignored 1,700 suggestions, comments and concerns of residents like you.

Stand with your neighbors at City Hall on Sept. 23. Send a message loud and clear to the City Council that ***voting to approve the DFEIS is premature and unacceptable.***
