

Omega Psi Phi Fraternity, Inc.
Iota Iota Iota

Greetings,

The Iota Iota Iota Chapter of Omega Psi Phi Fraternity, Inc. is proud to announce that the 2013 - 2014 Isuthu Mentoring Program will launch on November 14th, 2013. Isuthu is a Swahili word that means “Coming into Manhood.” Our fraternity was founded on four Cardinal Principles: Manhood, Scholarship, Perseverance, and Uplift. So, representing the highest level of respectful Manhood is important to every true Omega man.

The goal of the program is to Uplift young African/African American, Polynesian, and other adolescent males to their fullest potential. Over the past several years, we have had the opportunity to mentor a number of young men who have greatly benefited from our program. We still recognize that there is a significant need in the Salt Lake City area for young men to interact with positive African American men. Representative members of the Iota Iota Iota Chapter of Omega Psi Phi Fraternity, Inc. will serve as mentors and role models for the students who are selected for the program. The Isuthu Mentoring program is connected and funded by money raised by the Chapter members to help Uplift the community as a whole.

As parents, we understand that you want your son to live up to their ultimate potential and it is our goal in the Isuthu Mentoring Program to develop a long-term relationship that will prove beneficial for your son. We hope that once you have the opportunity to view the information about our program, you will find value in the program and enroll your son using our simple application process. Below you will find details about the program. Feel free to pass this information along to other parents who have a son who could benefit from the program as well. If you have any questions please feel free to contact me at (801) 718-8835.

Thank you,

William A. Smith
