

# FREE SHRED DAY!

The Signal Mountain Lions sponsor a free shred day twice a year in the spring and fall. These are extremely popular with residents of the mountain as almost 300 vehicles a day empty their attic, basement, garage and closets full of personal papers to be safely disposed by the Lions and Leos as a special service to the Signal Mountain residents.

The shred day usually takes place in the Town Hall parking area on Ridgeway Avenue. The Town has been very cooperative in providing assistance to the Lions to conduct this event. It has become one of the more popular service projects for Lions and Leos to collaborate on.

Proper COVID protections will be followed. The Lions will also be offering reservations for your Thanksgiving Smoked Turkey and will have members on hand to explain the Lions way of Life and what membership in this great worldwide organization means to the community and its members.
