

To The Parents of Logan-Rogersville High School Students:

Project Graduation is a safe and fun way for your graduate to celebrate this big event in their life. Those of us who have had children graduate know the amount of money, long hours, and hard work that goes into making Project Graduation a success.

Raising funds for Project Graduation is the parent’s responsibility. The cost for past Project Graduation events has run approximately \$25,000. By the time your senior graduates, the cost could be as high as \$30,000 to rent a facility, provide entertainment, secure prizes and provide gift bags for every student.

Fundraisers used in the past include parents and students working concessions throughout the football and basketball season, Santa’s Workshop booth, selling entertainment coupon books, magazines and other goods, sponsoring 5K runs, golf tournaments and babysitting.

The LREF has established interest-bearing accounts for all the classes with the Community Foundation of the Ozarks to greatly reduce these fundraising requirements. If every parent contributes \$25.00 a year, a substantial amount of the fundraising goal will be collected before his or her student’s senior year. This will allow senior parents to spend time planning Project Graduation activities rather than putting most of their efforts into fundraising.

All contributions may be tax deductible (please consult your tax advisor) and are non-refundable. Checks need to be payable to **Logan-Rogersville - Project Graduation**. Please complete the form at the bottom and mail your check to:

Logan-Rogersville – Project Graduation
1717 E. Republic Road Suite A
Springfield, MO 65804

Thanks to all of you for your support!

P.S. If you would like to make your donation on-line, please go to www.lrfoundation.org click the LREF Endowment/Funds page and follow the instructions to make your donation through the Community Foundation of the Ozarks.
