

Association for Women in Aviation Maintenance

Thank you for your interest in the 2020 AWAM Scholarship Program. This year we are taking applications electronically. Follow the link to the online application at www.awam.org/scholarships. You will be able to find a video explaining how to fill out the application on that same page. If you have difficulty accessing our online application, please email us at scholarships@awam.org for further assistance. Please read the brief description below for further details on this year's application process.

Membership

You must be an active AWAM member to apply for a scholarship. If you are not currently a member, please go to our website to join www.awam.org/membership.

Documentation

Please scan the following documents into a single PDF file in the order they are listed below. You must attach a separate set of application documents for each scholarship you are applying for that requires an extra essay.

1. Resume

2. Essay(s)

Please include a 250-word essay explaining your interest in aviation. Some scholarships will require an additional essay. This will be specified in the **Requirements** section after each scholarship description.

3. Two Letters of Recommendation

4. Copy of A&P Certificate

If you have any questions, please email us at scholarships@awam.org.

Association for Women in Aviation Maintenance

There are no gender restrictions unless otherwise stated in the requirements. Applicants affiliated with scholarship and award sponsor organizations, are **NOT** restricted from participation. **Applicants must be current instructors at an institution that is an Educational Member of AWAM.**

Applications must be SUBMITTED by November 1st, 2019.

Scholarships for Part 147 A&P School Instructors

Abaris Training Scholarships

Estimated Value: \$2,295.00

Available Scholarships: 1

Abaris Training Resources, Inc., known for their quality advanced composite training, is pleased to offer their Advanced Composite Structures two-week training course to one A&P school instructor. Transportation & housing are the recipient's responsibility. Courses must be scheduled within one year from date awarded.

Requirements:

- No prior composite experience is needed.
- Applicants must include a short essay (200 words) on their interest in composites.

Continental Aerospace Technologies Advanced Training (Avgas or Jet-A Classes)

Estimated Value: \$350 - \$950

Available Scholarships: 1

Continental is proud to offer 1 seat in one of our advanced factory training courses, with an option to choose from either our 4-day Avgas or Jet-A class. Located at downtown Mobile, AL (Brookley Airfield). These courses will cover general engine theory, crankcase, crankshaft component R&R, cylinder R&R, fuel injection system calibration, 100-hour/annual inspection topics, cylinder borescope inspections and ignition systems hands-on. A tour of the factory will also be given. Transportation and hotel are the responsibility of the recipients.

Requirements:

- Applicants must be a U.S. citizen.
