## San Luis Obispo Sportsmen's Association SAFE REOPENING PLAN

### Signage and Liability Waiver - Rifle/Pistol, Shotgun and Archery

Signage at the entrance to Rifle/Pistol, Shotgun, and Archery:

- **In accordance with State guidelines, please STAY HOME if:**
  1. You have a fever, cough, or do not feel well
  2. You or a member of your household have any COVID-19 symptoms
  3. You think you or anyone in your household have been exposed to COVID-19
  4. You are over 65 or have a serious medical condition, please consider the health risk before participating.
- Facial coverings are required at times when a minimum six-foot distance from one another cannot be maintained
- Please do not shake hands or engage in any unnecessary physical contact
- A copy of the Safe Reopening Plan will be posted at each public entrance.
- Ranges will add the following to their current Liability Waiver, "There is an inherent risk of exposure to COVID-19 and other infectious disease in any public place where people are present. COVID-19 is a contagious disease that can lead to severe illness and death. By signing this waiver, the individual understands and assumes all risks related to exposure to any infectious disease, including COVID-19."

### Measures to Protect Customer Safety – Rifle/Pistol; Shotgun; Archery

- Employees will clean surfaces and bathrooms with substances approved by the EPA for combating the COVID-19 virus. The list is at <https://www.epa.gov/pesticide-registration/list-n-disinfectants-use-against-sars-cov-2>.
- Limit the number of customers at any one time to 27 at Rifle/Pistol, 10 at Shotgun, and 10 at Archery, which allows for customers and employees to easily maintain at least six-foot distance from one another at all practicable times. Only 1 person may register at a time and the waiting line will be marked with 6' distances. Additionally, optional online registration and payment will be available.
- Placing signs outside reminding people to be at least six feet apart, including when in line.

San Luis Obispo, CA 93405

- 
- Placing tape or other markings at least six feet apart in customer line areas inside and on sidewalks at public entrances with signs directing customers to use the markings to maintain distance.
  - All employees have been instructed to maintain at least six feet distance from customers and from each other, except employees may momentarily come closer when necessary to accept payment, deliver goods or services, or as otherwise necessary to ensure range safety.
  - Provide hand sanitizer or hand wash stations and disinfectant for public use at each venue.
  - RSOs will be responsible for sanitizing the shooting area. Shooting benches, target stands, and staplers will be sprayed/wiped down with disinfectant after each use.
  - All rental or loaned equipment will be disinfected after each use.
  - An additional RSO will be added to each shift at Rifle/Pistol, Shotgun and Archery and will be responsible for overseeing COVID safety measures.
  - Public restrooms used by Shotgun and Archery customers will be locked at all times. Keys will be given to shooters when they need to use the restrooms. Bathrooms and will be disinfected at opening, and once every four hours thereafter, each workday. Cleaning schedule will be posted and initialed by employees. Keys will be disinfected after each use.
  - Additional handwashing stations will be located outside of the Rifle/Pistol range and the Shotgun/Archery range.
  - Signs will be placed in all public restrooms with instructions on proper handwashing.

## Overflow Measures

- To accommodate as many customers at one time as safely possible and avoid waiting lines and potential problems with appropriate distancing, at least one of the back ranges (initially Delta), will be available for public use and will have three RSOs. Safety berms have been added to Delta Range which now allow for concurrent shooting on the Delta and Smallbore ranges. Berm repair/improvement has been done on the CVR range.

An RSO will be stationed at the main gate to address traffic flow. This person will keep track of the number of shooters on the front public range and when maximum numbers are met, will direct traffic to the back range. If people wish to wait for an opening on one of the ranges, they will be directed to wait in the parking lot at the Action Pistol range until there is an opening.

Porta-potties and handwashing stations will be brought in for public use on Delta and Smallbore ranges. Disinfectant spray and hand sanitizer will be available in each one. Restrooms/port-a-potties will be disinfected at opening, and once every four hours thereafter, each workday. The cleaning schedule will be posted and initialed by employees.

## Additional Considerations for Shooters

- When possible, visitors should pre-register online before arriving on site. Cash-less and minimal-contact transactions are becoming a common operating procedure in many establishments to avoid lines and person-to-person interactions. This will help protect visitors and staff.
- Visitors should be prepared to follow all rules and updated policies at the range. These new rules and policies could include:
  - Come to the range prepared. Some programs and facilities will be canceled or closed, so visitors should check online resources for updated information about rule changes and closures to know what to expect upon arrival.
  - Observe all cleaning protocols for self-service facilities and amenities before using them.
  - Leave furniture, such as picnic tables and chairs, as they were found as staff may have appropriately spaced these items to encourage physical distancing.
  - Follow directional signage – e.g., wait your turn and abide by capacity limits – that will promote physical distancing in buildings, at firing lines, and around other confining spaces.
