All requests must be received no later than 5 p.m. the sixth day before the election, and ballots must be received at the Election Office by 7 p.m. on Election Day to be eligible to be counted.

EARLY VOTING

Prior to Election Day early voting for federal or state races is available at all Supervisor of Elections' offices and, at the Supervisor's discretion, at certain other locations, beginning 10 days before Election Day and running through the third day before Election Day. Additional early voting may be offered, at the Supervisor's discretion, on the 15th through 11th days and on the second day before the election. Identification requirements for early voting are the same as for voting on Election Day. Florida law requires each voter to present an unexpired form of identification containing the voter's name and photograph. If the identification does not also contain the voter's signature, additional identification containing that signature is required.

REFERENDUMS

A referendum may be called at any time on any issue that requires a vote of the people. All voters may vote regardless of party affiliation.

POLITICAL PARTY AFFILIATION

Florida is a closed primary state. If you want to vote in a partisan Primary Election, then you must be a registered voter with the political party for which the primary election is held. All registered voters may vote on issues, amendments and for non-partisan candidates such as: judges, school board and city council members, regardless of party affiliation. Political party changes can be requested no later than 29 days before the election through the election offices.
