

## RunMyVillage Fits Your Aging-In-Place Village Budget

Affordable RunMyVillage fees are based on the number of active members in your village. These fees include **all** modules and advanced functionality – **we don't charge extra** for the good stuff!

---

### Low Monthly Fees

**Only 28¢ per member per month.** This special price is available only to aging-in-place villages that are members of the Village-to-Village Network.

**This fee applies to active primary members only.** You are *not* charged for expired or dropped members. RunMyVillage also supports household memberships with reduced fees or no fees at all! We also don't charge for the non-member database of additional contacts as long as it's reasonably in proportion to the active member database.

There is a minimum fee of \$24 per month. Small villages are welcome!

**No long-term contracts.** The fee is charged at the end of the month and covers the following month of service. You can cancel at any time during the month and we won't charge you further.
