

The business benefits of “Going Google”

Most business owners aren't aware that Google provides enterprise business solutions, including email, calendar, document management and more...

This live demonstration is meant to teach business owners about the many benefits of using Google Apps for your Business.

WE MEAN BUSINESS

Contango IT: An IT Consulting, Service and Support Company headquartered in NYC. While Contango still installs, manages and implements Traditional IT Solutions, they have been pioneers in implementing and migrating businesses to the “Cloud,” since 2009.

Google: If you don't know who they are... “Google it!”
