From Earlene Roles: Please pray for both of my sisters. Thelma has COVID and is holding her own. Hazel and her family have chosen not to have risky brain surgery and she is now at home under hospice care.

From Rob Young: Update on Sue Delaney in NPMC - still on ventilator. Sue received a plasma transfusion last week.

From Crystal Rickett: Update on my appointment with the Neurosurgeon, which went really well He doesn't think the tumor has anything to do with the symptoms that I have experienced and is not concerned with cancer at all (which is a huge relief!). He said he wanted to monitor the growth so I am to have a MRI in 6 months (will do it in Sydney, Australia). We are praising the Lord for a good report and no surgery (although I would've liked to have it out of there but definitely trust his professional opinion). Thank each of you for praying! It has been a difficult, scary road the past two months but God has been faithful in every, single step. He has been so good to us. So many verses in Scripture have brought us comfort, among one is Psalm 34 - God takes care of all of our fears. We are thankful for the opportunity to make His name famous through this.

From Barbara Plummer: Please pray for a 60ish year old friend, Melanie, in St Vincent in Little Rock with Covid and pneumonia. She was put on a vent last night. She is a Christian. Thank you for praying.

Update from Crystal Rickett – Praise! The MRI results showed no evidence of MS or of a stroke. They did find a 7mm dural meningioma behind my left eye-basically a very small tumor, almost always benign. The neurologist believes that this could be contributing to my headaches and fatigue. She has referred me to a neurosurgeon for an appointment on Tuesday, the 29th. Let me share how amazing our God is. I was unable to see the original neurosurgeon. I am now scheduled with the clinical director who trained at John Hopkins! God amazes us with His goodness and faithfulness. I am okay with this news but definitely want this thing out of there. I am hopeful that once it is removed the headaches and everything will go away. Clint is at complete peace and ultra-calm which is encouraging to me. So we could use prayers as we enter the next step. I know that God is sovereign and He is good. But I am tired. I am worn out and ready to feel healthy again. We are so thankful for the faithfulness of each of you. We feel so blessed to have prayer warriors like you!
