

# FB Profit Funnel Extended Pack KVSocial

---

## UPGRADE 2

**Niche List** – Targeting niche markets makes it easier for you to earn lightning fast ROIs especially with FB Profit Funnel – so we did the initial research for you and came up with this valuable list. This will help you market to a group of people with very specific needs and are looking for the solutions you are offering.

**Compelling FB Ad Images** - Yup – there's no need to do a photo-shoot or risk your business with copyright infringements. We have these professionally designed images for you to use, for both offline and online niches. Run your ad campaigns today – and use these images without restrictions. No need to wait for tomorrow, no need to worry about finding royalty free photos – what we have are yours for the taking!

**FB Marketing Checklist** - Ever felt confused on what should be posted on your Facebook page on a day to day basis? Worry not – because we have created a checklist on how daily FB marketing should go about. Post a viral video today, schedule an attention grabbing post tomorrow, run a contest on Friday. That sort of stuff. We love to share with you what we do, to make things easier for you!
