What type of person I am: To sum it up in 3 words, "I Own It". Good or bad. I am very dedicated and looyal.

My knowledge base as it applies to this opportunity -The "What"

What skills I possess – The "How" skills are "ings" - coding

My experience as it relates to this opportunity

Where would you like me to start?

Use this below during interviews:

With your permission I would like to tell you 4 things about myself

What type of person I am:

To sum it up in 3 words, "I Own It". Good or bad. I am also very dedicated and loyal.

My knowledge base as it applies to this opportunity:

Change Management, Project Management, Management of cross functional teams-both local and remote, On-line Marketing and branding, System Analysis, Business and financial management, and Technical and Functional documentation to name a few.

What skills I possess: (Examples)

Critical Thinking: Using logic and reasoning to identify the strengths and weaknesses of alternative solutions, conclusions or approaches to problems.

Complex Problem Solving Identifying complex problems and reviewing related information to develop and evaluate options and implement solutions.

Judgment and Decision-Making: Considering the relative costs and benefits of potential actions to choose the most appropriate ones.

Operations and Systems Analysis: Determining how a system or operation should work and how changes in conditions, operations and environments will affect outcomes. Understanding the needs and product requirements of a particular design.

Questioning & Listening: Giving full attention to what other people are saying, taking time to understand the points being made, asking questions as appropriate and not interrupting.
