

Interview Live Reminder (day of)

Overview of template:

This is an important one because with the help of your guests, you could be getting a whole lot more exposure than you're currently getting (especially if you're just starting out). I've said this before in other templates, but it's so important to make it easy for your guest to engage and share their episode.

IMPORTANT

Do not copy this template word for word. We've provided this as an example so you can use the ideas and flow, but in your own words. Every Podcast is unique – make it your own!
